Florida Technical College – Retention Rate

2015 Annual Retention Disclosure

Retention Rate 71%

Florida Technical College retention rate is calculated using the IPEDS formula based on a group of first time bachelor students who enrolled at Florida Technical College during the period of August 1, 2013 and October 31, 2013. The calculation reflects the percentage of students who began their studies during that time frame, continued their programs of study and remained in their program of study as of August 1, 2014.
