

BACHELOR'S DEGREE IN

ALLIED HEALTH MANAGEMENT

Possible Employment Opportunities*
Healthcare Manager ◀

The Bachelor's Degree program in Allied Health Management is comprised of a combination of courses providing skills such as managing the administrative area within a health services organization, medical law/regulations, and current procedural coding with health information resources. The program is designed to prepare a student for a career as an administrator in the health services field.

Certifications

Depending on graduates concentration track, they will qualify to sit for one of the following exams through the American Academy of Professional Coders™ (AAPC)

- Certified Professional Coder (CPC) exam
- Certified Physician Practice Manager (CPPM®) exam
- Or
- Licensure of Basic Machine Operator through the Dept of Health State of Florida.
